

ROBERT KURTZ BIO

I enjoy the creative process whether it be woodworking, construction, artwork, or writing. I was able to give more time to art in my adult years and I have enjoyed working with oil, watercolor, and acrylic, with a wide range of subject matter and style. My work has been purchased by individuals across the U.S. as well as locally. For various non-profit humanitarian causes that have caught my attention, I regularly donate my artwork to their fund raising events. Besides doing art pieces for those organizations, I like doing custom commission pieces based on a person's chosen subject matter, medium, style, color and size. I can be reached through my email at robertkurtzart@gmail.com.
